NO. 18.

The bottom of this Chicago police department criminal information sheet is void. Someone had a very big question and indicated it. Like the FBI's record, this omits reference to firearms, shows no disposition of the Tennessee charge (officially confirmed to Russ Trunzo as making driver's license-suspension mandatory in Illinois), avoids mention of the sworn and official charge of "intent to use the said weapon", and does not show the ultimate dropping of the case a year later.

ADDITIONAL DATA:

Most of this identification sheet is not filled in. Vallee's pictures have been removed. The "Arrest Report" says "Prints & Photoed 2 Nov 63 1330", two hours before the time given for Vallee's arrest, more Chicago Police-Groth magic. With this kind of incompleteness, irresponsibility, inaccuracy and destruction of records when the life of the President of the United States is believed to be at stake, Groth's totally incredible testimony at the coroner's inquest (week of 1/5/70) in his Black Panther killings must be regarded with even deeper misgivings. When the existence of a Ku Klux Klan klavern within that same Chicago police department is recalled, all of this, including the covering of the rightist-extremist Vallee and the Secret Service reason for believing he was a threat to the life of President Kennedy, is still more disturbing, appears sinister.
